2019 Linen Sauvignon Blanc

Affordability never tasted so good!

We carefully pick grapes at ultimate ripeness for correct balance of sugar, acid and over all flavor. The grapes are pressed off of their skins and cold settled which creates crisp, fruity flavors in the wine. The juice is then fermented in 100% stainless steel resulting in fresh citrus, green apple and pear flavors.

Straw yellow in color with crisp citrus, candied pear and green apple aromatics that make your mouth water. Balanced flavors of pear, grapefruit, granny smith apples with a wisp of peach on the finish.
